CFUW Sudbury offers something for all women - a chance to socialize, to develop personally, to contribute to the community and learn about advocacy and human rights. CFUW has played a critical role in women's issues in Canada for over ninety years. CFUW welcomes all women and female students who support our mission and values. There are a wide variety of Interest Groups for members to join (book clubs, wine tasting, issues, dining, pole walking, yoga, horticulture, film, *et cetera*). One of our major initiatives is the annual disbursement of awards in support of deserving women who are pursuing higher education in Sudbury. Our annual fundraiser is **Celebrate Women** in partnership with YWCA Sudbury and Sudbury LEAF.

CFUW Sudbury extends a warm invitation to all women and students to attend our **Fall Reception**. Come and get to know us and learn about our Club. Enjoy a social evening, meet our current members, connect with friends, renew acquaintances, and learn about our Interest Groups, monthly speakers and activities.
